

Countries, Continents and Oceans

Questions:

- How many oceans are there? Which is the smallest ocean?
- What are the names of the 7 continents? Which is the biggest continent?
- Which animals would you find in the different continents?
- How many countries are there in the world? What countries make the United Kingdom?
- Which continent would you like to travel to and why?

Key vocabulary:

Ocean – One of the five very large areas of sea on the Earth's surface.

Equator – an imaginary line around the middle of the Earth

Continent – a very large area of land, such as Africa or Asia, that is made of several countries

Country – a nation of people living in the same area, ruled by the same government.

This is the United Kingdom. It is made of four countries.

England, Scotland, Wales and Northern Ireland.
