Wednesday 17th November 2019

Dear Parents,

Event: History/Design Technology shared lesson

Date: Tuesday 10th December

Times: 2pm – 3pm

We would like to invite you to our World War 2 DT lesson, during which we will be designing and creating our own model Anderson shelters! We would love for you to come and share some of our learning with us. This will be a junk modeling activity so we would be very grateful if families could save any left over cardboard boxes or packaging and send it into school with the children.

Please report to the office first to sign in and then make your way around to our usual drop-off point at the class cloakroom entrance. Younger siblings, who are not school- aged, will be welcome to this lesson.

We look forward to seeing you- please save the date!

Kind regards,

Mrs Thomas
Year 5 Class Teacher
