<p>Mike Smith</p>	<p>I became a Queensway Governor 8 years ago a few years after my three children left. <p>Daniela Cesco</p>	<p>I first became a parent governor at Queensway in 2011 when my eldest son was in Year 1. I volunteered to be a governor to find out more about the school my child was attending but ultimately because I wanted to give something back to the community that had welcomed our family. In the time that he has transitioned through the school, to be joined by his two brothers, Queensway has expanded considerably but has managed to keep its strong sense of purpose and its determination that all children should fulfil their potential. I feel privileged to serve as a Chair of Governors at Queensway.</p>

David Mendham	<p>During my working life of over 40 years I spent nearly 24 years with a bank working my way up from junior roles to become a manager looking after business customers. Following that I worked for Oxfordshire County Council in a role supporting early years and childcare providers with the business aspects of running their businesses/charities and also the planning to ensure that the council met its duty to ensure there is sufficient early years and childcare provision in Oxfordshire. I have recently taken early retirement to take the opportunity to pursue my other hobbies and pastimes, including a lifetime interest in railways.</p> <p>Whilst my own children have left school my aim as a governor is to use both my knowledge from work and as a parent to support the school with ensuring that children attending Queensway School receive the best possible education and experience during their time at the school.</p>
