## Ancient Greece

### Who were the Ancient Greeks?

The Ancient Greeks lived in Greece and the countries we now call Bulgaria and Turkey over 4000 years ago. The Ancient Greece Empire spread over Europe as far as France in the East. The Ancient Greeks developed new ideas for government, science, art, philosophy and religion. The two most important cities in Ancient Greece were Athens and Sparta.

### Key vocabulary:

**Athens** – A powerful Greek city and where Democracy was born.

**Sparta** - A power Greek city-state and rival to Athens, Sparta's culture was based around warfare and preparing for battle.

**Spartan** – People who lived in ancient Sparta, known for being great warriors.

**Democracy**: A system of government where the people can vote to decide rules.

**Olympics** – A religious festival held in honour of Zeus, attended by people from all over Greece

**Philosopher** – A person who studies ideas about knowledge, right and wrong and the value of things

**Myth** – A traditional story usually involving supernatural beings or events, passed down over generations.

**Titans** - the first Greek gods. They were overthrown by their children, the Olympians.
