

Digital Literacy – Using Information Technology

Key Terms

What is technology?

Technology is the use of knowledge to invent new devices or tools. Throughout history, technology has made people's lives easier.

How does technology make our lives easier?

Technology has made life easier in many areas. It is now much easier to communicate around the world. Messages that used to take weeks to reach the sender can now be sent and received in seconds. We are surrounded by technology from your toys, to machines in your house to systems that control traffic and planes.

Key Learning

To walk around the local community and find examples of where technology is used.

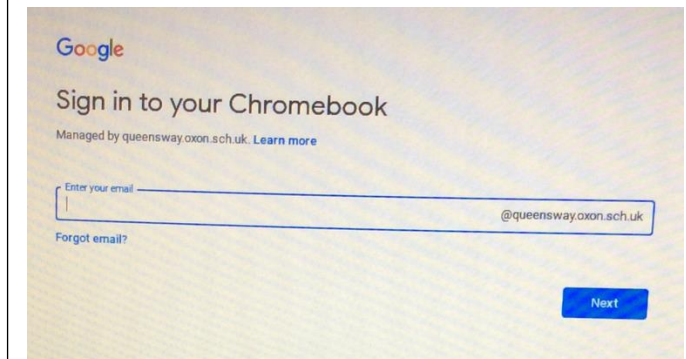

To record examples of technology outside school.

Using a Device in School

At school, you will have access to lots of different types of technology. These may include:

When using the laptops in school, you will be asked to sign in:

How Technology is Used Outside of School
