Games ideas

Write the numbers 1-10 on pieces of paper or use playing cards for these games

Splat
 Place the numbers on cards in front of you. Say a number in French and the other person has to splat that number as quick as they can. You can take it in turns with your child to say the number in French and be the splatter.

Is it...
 Pick a card secretly from the pile for your child to try and guess what the number is by asking in French.

Number Hunt
 Place the number cards around a room (or the house if you want to go on for longer!). Say a number in French for the them to find as quick as they can.
