

Planning Stage:

It is important to plan the design of the puppet.
You will draw your design on a template.

What is a template?

A template is used to help you copy a shape.

- What do you want your puppet to look like?
- How are you going to make your puppet?

Key Questions

What is a puppet?	A puppet is a model of a person or animal that can be moved by strings or by a hand.
When did people start using puppets?	People have been making and using puppets for over 3000 years!
Who uses puppets?	Anyone can use a puppet! The name for a person that controls a puppet is called a 'Puppeteer'.

Famous puppets:

RAMA AND SITA PUPPETS

Design Brief:

To design and make a hand puppet by joining material together. The puppets needs to be decorated in the style or either Rama or Sita. The puppet needs to fit on your hand and you should be able to move the hands of your puppets using your fingers.

Making Stage:

These are the tools, materials and equipment you will need to help you make the puppet.

Material checklist:

- Felt
- Sequins
- Glitter
- Beads
- Googly eyes

Tools Checklist:

- Scissors
- Needle
- Thread
- Template
- Glue

The puppet will be made from a material called felt.

Evaluating Stage:

Once you have finished making and decorating the puppet you need to evaluate the process. Think about...

What is your favourite part of your puppet?

What skills did you have to use to make your puppet?

Which parts did you find hard to make?

What would you change next time and why?

Key Skill:

The main skill you will be focusing on is sewing.

This is called a Running Stitch.
