

Online Safety

Key Words

- Passwords** – A secret word or phrase that must be used to access certain things.
- Private** – Something which must be kept to yourself, and not shared with anyone.
- Personal Information** – Information that is related to you. For example, your name, address, post code and where you go to school.
- True/False** – Accurate or real information is true. Made up or wrong information is false.
- Internet** – Accessed by a device such as an iPad or Computer. The Internet holds lots of information, games, videos and files, and allows communication.
- Safe** – When you are protected from danger or harm.
- Online** – Connected to a computer or device (e.g. phone) that has internet access.
- In Real Life** – I met my friend In Real Life (IRL) at school yesterday. Not somebody that you talk to through the Internet and have never met.
- Social Networks** – A website or application (app) that allows people to talk with other people.
- Age Restrictions** – An official rule about the age someone has to be before they are allowed to do something. An example is that in the UK somebody has to be 18 or older before they are allowed to vote.
- Click Clever Click Safe** – The 'Click Clever Click Safe' campaign has three simple rules to follow. Zip it, Block it, Flag it. We can remember this as it will keep us all safe online.
- Bullying** – When one person, or a group of people, are repeatedly mean/nasty/unkind to a person.
- Cyberbullying** – When one person, or a group of people, are repeatedly mean/nasty/unkind to a person online e.g. through email, texts, Facebook, etc.
