Key Learning

- Creating 2Go code
- Writing code for turtle routes
- Creating algorithms and debugging with 2Go code

Algorithm	A set of instructions in order.
Coding	Creating instructions for a computer and telling it what to do, step-by-step.
Bug	An error in the way that a computer program works.
Command	An action, such as 'turn left'.
Debugging	To find and remove bugs (errors) from a computer program.
Direction	The path that something travels e.g. forwards or backwards.
