Wednesday 4th January 2023

Dear Parents,

Happy New Year to you all! We trust that you have all had a restful and relaxing break over Christmas and hope that 2023 will be a healthy and happy year for us all.

Terms 3 and 4: The Romans.

English
We start the term by exploring a book called 'Lift'. We will be using this imaginative book to inspire our own story writing using ideas from the text. Later in the term, the children will write letters as if they were a Roman soldier, giving them the opportunity to learn how to set out a letter, what content should be within it and how they can use some of their historical knowledge to communicate the information they have learned. We will end the term by enjoying reading some poetry and using it to inspire our own poetry.
In term four, we will focus on writing diaries and non-chronological reports about the Romans, giving us time to have a term's worth of learning about this period of history beforehand. By this time, the children should be Roman experts.
Mathematics
Our first topic for this term is place value. This will include children recapping on their prior knowledge before representing, ordering and comparing 3-digit numbers and understanding the value of each digit. We will then focus on addition and subtraction, before moving on to multiplication and division. These topics allow us to build on the children's existing knowledge before challenging them further and looking at new methods and skills, such as formal written methods.
Personal, Social and Health Education (PSHE)
In term three, we will be focusing on 'Valuing Differences' and how we should celebrate our uniqueness. This topic focuses on the children identifying their achievements, discussing what they are good at and promoting the differences we have as individuals as strengths. We also focus on differences in families. It encourages children to be confident and proud of what makes us different from another person and how these talents, traits and opinions that we each have, should be valued.
In term four, we will explore 'Keeping Myself Safe' and we will also revisit our e-safety strategies from terms one and two. We will discuss a range of scenarios and situations where children will be asked to assess the risks involved and whether these are safe, unsafe or an event which might ask us to 'risk on purpose/ for fun.'

To find out what we are learning in all the other subject areas, please look at the 'Knowledge Organisers' on the class blog.

What homework to expect and when.

Homework is designed to help the children develop and extend skills taught in the classroom. Therefore, every child will be expected to complete homework. Homework will be set every Friday and will be due back on Thursday each week. It will include a piece of maths and spelling work each week. In maths, the homework will be alternated between practising skills learnt in lessons and practising times tables. Please use Times tables Rock stars (<https://play.trockstars.com/auth/school/student>) also to help your child practise. You can find their log in details on the front page of their homework folders. Spelling homework will include activities involving investigations one week and learning spellings for a test during the opposite week.

In addition to this, the children will need to read every day to help them increase their phonics knowledge and broaden their vocabulary. Please read with your child for 15 minutes a day. When children finish a reading book, they are asked to complete a book task in class which then earns them a raffle ticket. At the end of term four, there will be a special reading assembly where a raffle ticket is drawn, giving children the chance to win a £10 book voucher.

Ways you can help your child.

In Year 3, we help the children build up their independence. They have done very well so far, with getting their belongings organised and ready for their morning tasks. Please could you support them by having every piece of their clothing clearly labelled with their names, including plimsoles. We have a lot of lost property but it is very difficult to return items to their rightful owners, as the majority are unnamed. Having a good routine with reading and times tables rockstars in the evening helps maintain good fluency and confidence with the recall of times tables and children's flow and enjoyment of reading. We would appreciate your support with recording any reading you do in their blue reading diaries. These should be coming home to you daily, along with their reading books. If children are not doing this, please let us know so that good routines can be established from the start of term.

PE days

In term three, we will be doing both outdoors and indoor PE. On a **Monday** we will have indoor PE and will be focusing on dance and on a **Friday**, the children will be focusing on hockey.

Please ensure that your child has the correct kit available in school, including:

- Navy jogging trousers
- White t-shirt
- Navy shorts
- Navy jumper
- Trainers for outside use

Term 3 and 4 shared lessons

Term 3 Science shared lesson – Tuesday 7th February at 2pm for 3EH and Friday 10th February at 8:45am for 3AJP.

Term 4 DT shared lesson – Tuesday 7th March at 2pm for 3AJP and Thursday 9th March at 2pm for 3EH.

Class assembly

Class 3AJP's class assembly will be on Friday 27th January and Class 3EH's class assembly will be on Friday 17th March, both starting at 2:30pm. We would love you to join us. Please do not bring toddlers and babies if they are going to be a distraction for the children performing.

Blogs

We will be updating our blog regularly and hope many of you will follow our learning and achievements throughout the year. You can access the blog via <http://www.queensway.oxon.sch.uk> and click the following tabs: children > class pages > select class > click here to see your class blog.

We are looking forward to another great term ahead. Please don't hesitate to speak with me if you have any questions.

Best wishes,

Miss Hugo and Miss Penniston
Class Teacher
