

Coding

Key Words

- Algorithm** – A clear set of instructions to carry out a task.
- Animation** – Pictures or photographs in a sequence to give the illusion of movement.
- Bug** – An error or mistake in computer code.
- Code (Computer)** – A set of instruction written in programming language, to tell a computer what to do.
- Code (Verb)** – To write in programming language (code).
- Debug** – To fix an error in code.
- Icon** – A small image which represents something or someone.
- Imitate** – To copy.
- Instructions** - A list of commands and directions on how to do something.
- Loop** – A repeated sequence of instructions.
- Repeat** – To do the same again.
- Scratch JR** – A simple, block-based coding application, in which you can instruct Scratch the cat.
- Sequence** – A set order or pattern for something to follow.

A Scratch algorithm with a loop:

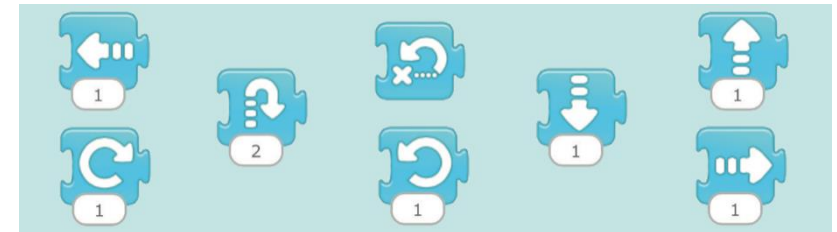

Scratch JR is an application for tablets:

Triggering Blocks:

Motion Blocks:

Looks Blocks:

Sound Blocks:

End Blocks:

Controls Blocks:
