

# Online Safety

## Key Words

**Passwords** – A secret word or phrase that must be used to access certain things.

**Private** – Something which must be kept to yourself, and not shared with anyone.

**Personal Information** – Information that is related to you. For example, your name, address, post code and where you go to school.

**True/False** – Accurate or real information is true. Made up or wrong information is false.

**Internet** – Accessed by a device such as an iPad or Computer. The Internet holds lots of information, games, videos and files, and allows communication.

**Safe** – When you are protected from danger or harm.

## Our eSafety Top Tips!

**1** People you don't know are strangers. They're not always who they say they are.

**2** Be nice to people like you would on the playground.

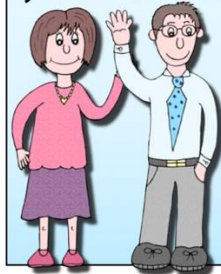

**3** Keep your personal information private.

**4** If you ever get that 'uh oh' feeling, tell a grown-up you trust.

# S

## Stay Safe

Don't give out your personal information to people / places you don't know.

# M

## Don't Meet Up

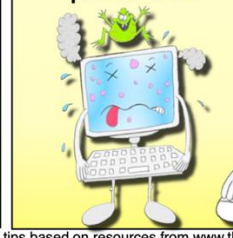

Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust.

# A

## Accepting Files

Accepting emails, files, pictures or texts from people you don't know can cause problems.

# R

## Reliable?

Check information before you believe it. Is the person or website telling the truth?

# T

## Tell Someone

Tell an adult if someone or something makes you feel worried or uncomfortable.

Follow these SMART tips to keep yourself safe online!
